

## GENERAL PURPOSE BUCKET

Designed to meet your most demanding needs, our GRYB general-purpose bucket for wheel loaders delivers unrivalled performance on the jobsite. Featuring optimized opening angles, this bucket lets you accomplish your tasks with precision and speed. Made with high-strength steel wear parts, our bucket guarantees exceptional durability, even in the toughest conditions.

Available in a range of sizes and capacities, it adapts perfectly to different sizes of machinery, giving you unrivalled flexibility in the field. For simplified maintenance and increased longevity, our bolt-on blades are interchangeable, allowing you to easily replace worn parts without compromising the performance of your equipment.

**Optimized Opening Angles.**

**High Tensile Steel Wear Parts.**

**Available in Multiple Widths and Capacities.**

**Interchangeable Bolt-on Blades.**
